

Join us at **ICT HUB JOENSUU**

We are inviting your company to join the upcoming ICT Hub Joensuu at Science Park. ICT Hub Joensuu will focus on themes and areas of development that are topical for companies, such as competence and related branding, current events and networking, flagship companies and start-ups, and the labour and training needs of the future.

At the core of ICT Hub Joensuu:

- Local ICT companies' needs and regional potential
- Current themes, such as new technologies: artificial intelligence, cyber security, etc.
- The needs of corporate management and experts in a global and changing environment

ICT Hub Joensuu offers your company:

- A wide range of events, such as training, coaching, fair trips, and networking and recruitment events
- Visibility in ICT Hub Joensuu's communications and marketing channels and at a large event for the ICT sector
- The opportunity to influence the development of ICT Hub Joensuu based on your company's needs

ICT Hub Joensuu will organise coaching, training and networking events and a larger annual ICT event in Joensuu with the aim of strengthening growth and networking among the companies in the sector.

The company-specific participation fee is EUR 300, which includes all the above-mentioned events and resources (until 30 September 2025). Limited availability.
